

BRENTNALL GREAT AUSTRALIAN HOMES

Brentnall Great Australian Homes has earned its status as a leader in the building industry on the strength of its tireless pursuit of design excellence and innovation. Building successfully since the early 70s, their list of projects includes shopping complexes, commercial and institutional buildings, numerous boutique unit developments and luxury homes in the most amazing locations.

Not only are they award winning designers and registered builders, but Brentnall are also the suppliers of quality custom kit homes – the perfect solution for those owner-builders/owner-managers looking to construct their dream home. Along with their standard inclusions, you can choose from an array of top quality building components eg. steel or timber frames, brick veneer, solid brick, hebel or weatherex to the exterior. Whilst their kit homes do come as a package, this does not mean that they are limited in design abilities. Boasting nearly 100 design variations to choose from, be it for a sloping block, acreage, single/two or three-storey homes, they are all completely customised to suit both your lifestyle and budget. For those owner-builders needing an extra helping hand, Brentnall can organise access to their team of licensed tradespeople to assist with any part of the construction process. Or, as licensed builders, they can just do the whole job for you!

Their beautiful eye-catching homes are found on expansive farms in the Northern Territory and Western Australia, hobby farms and vineyards across Australia, beachfront locations, compact city sites and waterfront

resistant treated timber. A five-star rating for energy efficiency is always achieved, given the inclusion of insulation to all walls and ceilings. They also work with you to ensure the best siting for your Brentnall home, include verandahs where shown on the plan and can supply all your prime cost items as a separate package ie. kitchen and bathroom fittings and fixtures. With you from concept to completion, Brentnall's ongoing construction advice and user-friendly construction manual are all part of their professional service.

Brentnall Great Australian Homes are here to help you in any way they can to make your dream home a reality!

canals on the Gold Coast. With their superior craftsmanship and quality componentry, you can be assured that not only will your Brentnall Great Australian Home be truly unique, but that your capital investment is safe and secure.

Why do people decide to build with Brentnall? It's their ethos of personal service, attention to detail, great value for money and peace of mind that all the components of the home are manufactured to the highest standard and delivered to the site in an orderly and prompt manner. Savings can then be made on labour costs, as the workmen are not waiting for materials to arrive.

All their homes come standard with a minimum W41N wind rating and the frames and trusses come standard with a minimum H2 white ant
